

eClinicalWorks Patient Portal Enrollment

Pioneer Family Practice is excited to offer our patients secure internet access to their medical information online! You can view your personal health records at any time as long as you have internet access. Take note that by registering for the portal you will no longer receive lab results via paper mail. Once you are registered for the portal, you will be able to:

- **Send *NON-urgent messages to your Doctor or other staff members.**
- **View lab results, diagnostic reports, visit summaries and correspondence from your Doctor.**
- **View upcoming appointments.**
- **Update your address, phone number, employer, email address, pharmacy and emergency contacts.**
- **Enter or update your medical, hospitalization, and surgical history.**
- **Receive email alerts when new information is posted to the portal.**

PLEASE READ:

To enroll for the patient portal, please complete the following fields. Reception will provide you with your login credentials as well as step-by-step instructions for logging in. ***Please print legibly to ensure we get your address correct:***
